

**Community
Foundation**
of Greater Peterborough

What does it take to build a vital community?

It takes knowledge of our community's strengths, a recognition of where we need to make changes, and an understanding of how we're growing and changing over time. It takes vision, to decide what kind of future we want for our community. And it takes a commitment to working together, through our differences, to do what needs to be done to build that future.

Be a part of the vital community movement.

The Vital Community Fund is our community's resource to support the people, ideas and activities that build community vitality in the Peterborough area. Grants from this fund will support charities in the City and County of Peterborough that are working on our community's top priorities.

By giving together, we can meet today's challenges and build for tomorrow. Whether you give \$10.00 or 10% of your salary, every gift is combined and invested in the fund, building a permanent endowment that we can use to take action and make change, together.

This is how we build a vital community. Step by step, brick by brick, each of us doing what we can, every act, big or small, building up the foundation of our community.

The *Community Foundation* brings community builders together to create meaningful and lasting change in the City and County of Peterborough. We work with donors and charitable organizations to invest in the people, ideas and activities that build community vitality. Building sustainable community assets through philanthropy, we take a long-term view of our community, and have the staying power needed to address complex issues.
